WHO IS MY NEIGHBOR?

WIMN pulls out relationships from the Bible, as well as from more recent events, to prove to us how we treat one another affects our nations, communities, families, and individuals.

The intent of this book is to have us ponder the greatest commandment of all - Loving God, Loving My Neighbor, and Loving Myself. *How must these line up? And, if my heart is not renewed, can they?*

WIMN helps us understand what happens when we do all the love things—and, what happens when we do not. Through reading the book, our eyes are opened in a greater way to God's Word and His thoughts about mankind. *The question is "Who Is My Neighbor"?*

Find out in-depth what God says.

This book will influence and challenge you to pursue relationships, God's way!
